

# 2023 CHENIN BLANC

## CLARKSBURG

### WINEMAKING NOTES

As the first white winegrape our grandfather planted back in 1968, we are proud to continue to grow, handcraft and share our “heritage” Chenin Blanc. Perfectly suited to Clarksburg’s soils, growing season and climate, this wine is a wonderful example of the place we have called home for six generations.

### TASTING NOTES

Swirling in your glass, the golden hue catches your attention before you even take a sip. This Clarksburg Chenin Blanc showcases a vibrant interplay of Asian Pear and Golden Delicious apple. The entry is crisp, followed by a satisfyingly viscous mid-palate and a lingering finish. This refreshing composition is further complemented by subtle notes of spicy Stargazer Lily and fresh honey, adding depth to its overall complexity.

### FOOD PAIRINGS

This classic Clarksburg Chenin Blanc shows a food friendly vibrancy while finishing with the slightest hint of sweetness. Some favorites to pair with are creamy sweet potato soup and honey glazed salmon.

### DATE RELEASED

February 2024

### FERMENTATION

100% stainless steel
