# 2021 VIOGNIER

— CLARKSBURG —

## WINEMAKING NOTES

This classic French varietal is often used for blending due to its intense aromatics and complex flavor profile. We love making this wine for our Home Ranch Wine Shop in Clarksburg and select international markets.

## TASTING NOTES

Fermenting in 100% stainless steel tanks has preserved the concentrated nature of this Viognier. Brilliant floral aromatics of stargazer lily and white jasmine perfume the wine in the glass. The mouthfeel is succulent, filled with complex and textured tropical fruits that mingle with luscious stone fruits like apricots and yellow peaches. The finish is inspired with rich, warm spice.

## FERMENTATION

100% stainless steel fermented
